This letter serves as an additional confirmation of the conclusion of my candidacy for US House of Representatives, Texas' 2nd Congressional District, 2018 election cycle.

In early March 2018, my campaign was unsuccessful in the Republican Party primary.

Recently, we received a letter from Tonya Sloans, Senior Counsel, requesting FD statements under penalty of severe fines, or worse. We communicated to Ms. Sloans the status of our campaign via the phone a few days later, and, we feel an additional notification in writing may be helpful for your records.

For your reference, I have attached the FEC's acceptance of the termination of our committee's filings.

Thank you for your time and attention,

Justin L. Lurie
